About Organization

Anamika Rehabilitation Foundation is an organization driven by a profound commitment to serving the most vulnerable members of our community. Our multifaceted approach is designed to address the diverse needs of orphaned children, those living in underprivileged circumstances, children with special needs, and visually impaired individuals. Through focused efforts on rehabilitation and legal guidance, educational support, vocational training, counseling, and raising awareness on crucial issues such as health, hygiene, environment, and legal assistance, we strive to uplift and empower the aforementioned individuals, school dropouts, and underprivileged children facing social adversity. Additionally, we work to facilitate access to citizenship documents, government schemes, and placements in the development sector, fostering behavioral change, instilling work ethics, and enhancing employability for our beneficiaries. The foundation is also focusing on awareness of animal care, protection of environment, upliftment of women empowerment.

Vision

Our vision is a world where every individual, irrespective of their background, is afforded comprehensive support and equal opportunities for growth. We are committed to empowering individuals, including children with special needs and persons who are visually impaired, through education, vocational training, and legal advocacy, enabling them to lead independent and meaningful lives. We envision a future where well-being, environmental sustainability, and legal awareness thrive, fostering a society grounded in inclusivity, equity, and empowerment for all.

Mission

We are a beacon of hope, guiding vulnerable individuals, including children with special needs and visually impaired persons, towards transformation. We provide comprehensive support through a multifaceted approach encompassing rehabilitation, legal guidance, education, and empowerment initiatives. With a steadfast commitment to inclusivity and empathy, we empower individuals to realize their full potential and contribute meaningfully to society.

Founder

Subodh Vijay Johare is the visionary founder of Anamika Rehabilitation Foundation, established on 2nd April 2024, at very young age. Driven by a deep commitment to social impact, he founded the organization to empower and rehabilitate individuals from marginalized communities—especially persons with disabilities and the visually impaired.

Under his leadership, the foundation focuses on delivering comprehensive services, including skill development, educational support, and community-based programs, all aimed at fostering inclusivity, independence, and dignity for those it serves.

Co-founder

Laxmi Vijay Johare serves as the Co-Founder of Anamika Rehabilitation Foundation and plays a vital role in advancing the organization's mission and day-to-day operations. With a deep commitment to social service and community welfare, she actively contributes to the planning and implementation of the foundation's initiatives.

She is particularly passionate about creating safe and supportive shelter homes for orphan youth, persons with disabilities, and other individuals in need of care and rehabilitation. Guided by compassion and a vision of inclusive support systems, she strives to build spaces where every individual can live with dignity, security, and opportunities for a better future.

Advisor

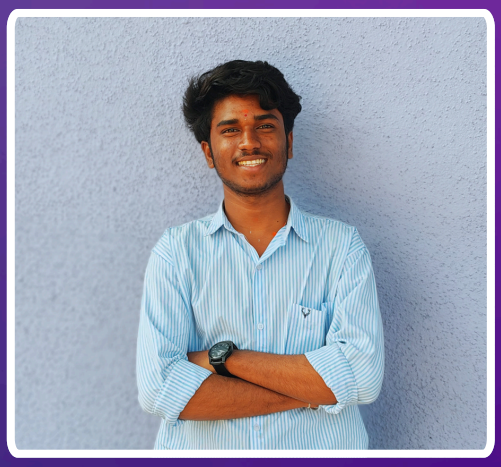

Vijay Hari Johare, a social worker with 27 years of extensive experience in the field, is currently serving as the Advisor of Anamika Rehabilitation Foundation. His dedication and expertise have significantly contributed to the organization's mission of empowering and rehabilitating communities in need.

Documentation Work

Sumita Basu is responsible for maintaining and organizing records, reports, and other essential documents related to the foundation's rehabilitation programs. Her work ensures accurate and efficient documentation to support the foundation's initiatives.

Program Head

Nagesh Kattimani is responsible for planning, managing, and overseeing all programs and events of the foundation. To make each program inclusive, he ensures smooth execution and effective coordination, supporting the foundation's mission to serve the community.

Educational Support

Support for Visually impaired people

The Anamika Rehabilitation Foundation extended educational support to two visually impaired students, assisting them in pursuing higher education. This initiative aimed to empower the students by providing them with the resources and opportunities needed to overcome barriers and achieve their academic and career aspirations. Through this effort, the foundation underscores its commitment to fostering inclusivity and promoting equal opportunities for all.

Support for community childrens

The Anamika Rehabilitation Foundation provided financial support for the college fees of two community students, underscoring the pivotal role of education in empowering underprivileged individuals and promoting self-reliance. This initiative reflects the foundation's commitment to fostering social mobility and creating opportunities for personal and professional growth through access to quality education.

Support for CCL childrens

The Anamika Rehabilitation Foundation extended its support to two Children in Conflict with the Law (CCL) students by providing assistance with their college fees. This initiative aims to empower these students by offering them the opportunity to pursue higher education and build a brighter future, reinforcing the foundation's commitment to supporting vulnerable youth in overcoming challenges and achieving long-term success.

Support for Orphan childrens

The Anamika Rehabilitation Foundation, demonstrating its commitment to inclusivity, provided educational support to cover the college fees of two orphanage students. This initiative ensures they have access to quality education, empowering them to pursue their academic and professional aspirations. It reflects the foundation's dedication to fostering equal opportunities and supporting the personal and academic growth of underprivileged individuals.

Transforming Lives: Building Bridges for Justice and Equality

Activities

The Anamika Rehabilitation Foundation, in collaboration with the Montfort Care Foundation, organized its first health camp in Mankhurd to address the needs of individuals with hearing impairments. This hearing camp offered free hearing assessments, guidance on assistive tools, and counseling for participants and their families. With 20 attendees, the initiative aimed to foster awareness and provide essential health support within the community, marking a significant step toward the foundation's commitment to transforming lives and addressing health challenges faced by vulnerable populations.

Hearing camp

The Anamika Rehabilitation Foundation conducted an awareness session at the Chembur After Care Boys Hostel to educate participants about cybercrime and safe social media practices. With 20 attendees actively engaged, the program focused on online safety, recognizing cyber threats, and protecting personal information in the digital world. This initiative aimed to empower individuals with the knowledge to navigate the internet responsibly and securely, fostering a safer digital environment for all.

Cyber crime session

Transforming Lives: Building Bridges for Justice and Equality

Activities

The Anamika Rehabilitation Foundation conducted a specialized session in Mankhurd to provide essential legal guidance to visually impaired individuals. The program was designed to empower participants by enhancing their understanding of legal rights, access to legal resources, and effective strategies for addressing challenges related to documentation and justice. With the participation of 25 individuals, the session emphasized inclusivity, awareness, and empowerment, reinforcing the foundation's commitment to promoting equal opportunities and support for all members of society.

Legal Guidance session with Visually Impaired people

The Anamika Rehabilitation Foundation organized a Legal Awareness Session in Mankhurd to educate individuals about their rights and legal entitlements. Attended by 15 participants, the program provided valuable insights into accessing legal aid, understanding fundamental laws, and navigating government schemes. This initiative aimed to empower participants with the knowledge and confidence needed to address legal challenges effectively, fostering greater awareness and self-reliance within the community.

Legal awareness session with community

Transforming Lives: Building Bridges for Justice and Equality

Activities

Legal awareness and cyber crime session

In 2025, the Anamika Rehabilitation Foundation conducted its first session on legal guidance and cybercrime awareness. The session aimed to educate vulnerable groups about their legal rights and online safety. Experts in law and cybersecurity provided essential insights into protecting against cybercrimes such as fraud and identity theft. This session marked the beginning of the foundation's commitment to empowering individuals with the knowledge and tools to confidently navigate legal and digital challenges.

Transforming Lives: Building Bridges for Justice and Equality

Activities

The Anamika Rehabilitation Foundation organized a special session at Dongri Children's Home to celebrate the achievements of students who successfully passed their 10th and 12th-grade examinations. With 25 participants in attendance, the program aimed to motivate and inspire students by recognizing their accomplishments and providing guidance on future career opportunities. The session featured valuable career advice and introduced participants to a range of educational and skill-development pathways, empowering them to make informed decisions about their aspirations and goals.

Program

Children day celebration

The Anamika Rehabilitation Foundation organized a vibrant Children's Day celebration in Govandi, engaging 36 Anganwadi children in a day filled with joy and meaningful activities. The program featured storytelling sessions, interactive games, and creative activities designed to foster learning and creativity. Additionally, the children were provided with books and snacks, adding to the enriching experience. This initiative aimed to create a positive and nurturing environment, promoting the overall well-being and happiness of the children while commemorating the spirit of Children's Day.

Event

World Braille Day

On January 21, 2025, the Anamika Rehabilitation Foundation celebrated World Braille Day with a significant event that brought together 53 visually impaired individuals to foster inclusion, empowerment, and joy. The event highlighted the importance of Braille literacy and celebrated the resilience and talents of participants through engaging activities, including cricket, marble spoon race, and racing. Generous support was provided by Akino Foundation for sports sponsorship, Raj Bhasha Prachar Samiti for white cane sticks, and Sparsh Foundation for lunch arrangements. This event reflects the foundation's commitment to creating an inclusive and supportive environment for the visually impaired community.

Workshop

Candle and Paper bag making workshop with Visually Impaired people

Anamika Rehabilitation Foundation organized a candle-making and paper bag-making workshop specifically designed for visually impaired individuals, with a focus on skill development and empowerment. Participants were introduced to essential materials such as wax, molds, wicks, and scents in the candle-making session, and were guided step-by-step through the process—ensuring safety while encouraging creativity and the potential for marketable product designs.

The paper bag-making session involved hands-on training using paper sheets, glue, and decorative items, enabling participants to create sturdy and attractive bags. The workshop aimed to promote independence, creativity, and income generation among the visually impaired community.

While the objectives of the workshop were clear and impactful, it achieved approximately 30% success due to low participation and limited availability of suitable materials, primarily caused by budget constraints. Despite these challenges, the session served as a valuable learning experience and highlighted the importance of resource support for inclusive training programs.

Workshop

The Anamika Rehabilitation Foundation organized a 5-day skill development workshop at Dongri Children's Home for CCL (Children in Conflict with Law), focusing on candle making and paper bag making. The candle-making sessions introduced participants to materials like wax, molds, wicks, and scents, with detailed guidance on melting wax, placing wicks, and safely pouring wax into molds to create marketable designs. The paper bag-making sessions provided materials such as paper sheets, glue, and decorative items, teaching participants to craft sturdy and visually appealing bags. This comprehensive workshop aimed to empower participants by fostering independence, creativity, and opportunities for income generation.

Exhibition

Exhibition at 'Swanubhav' – SNDT College, Churchgate Campus

Anamika Rehabilitation Foundation was honored to participate in Swanubhav, a prestigious two-day exhibition hosted by SNDT College at its Churchgate campus. The event provided an excellent platform to showcase the outcomes of our vocational training workshops conducted with Children in Conflict with the Law (CCL).

The foundation exhibited a range of handcrafted products created by the CCL participants, including decorative candles, eco-friendly paper bags, intricately designed keychains, and artistic wall hangings. The exhibition received an encouraging response from attendees, with the keychains being completely sold out—demonstrating strong public appreciation for the creativity and skills of the children involved.

Participation in Swanubhav not only amplified awareness of Anamika's rehabilitation efforts but also underscored the value of providing skill-based opportunities to marginalized youth. The experience served as both a milestone and a motivation to further our mission of empowerment through creativity and sustainable livelihood development.

Womens day for visually impaired women

Women's Day Celebration with Visually Impaired and community women

To mark International Women's Day, Anamika Rehabilitation Foundation organized a meaningful and inclusive celebration for visually impaired and community women. The event was made possible with the generous support of Samarthanam Foundation, who graciously offered their terrace space for the occasion—an invaluable contribution to the success of the program.

Although some beneficiaries from Anamika were unable to attend due to academic exams and other personal responsibilities, the event welcomed 30 women, including community participants and members from Samarthanam Foundation.

A vibrant lineup of activities was organised to engage and celebrate the participants, including:

- Musical chairs
- Singing competition
- Hand-painting activity to collaboratively create a colorful Women's Day banner using handprints

The celebration was further enriched by the presence of inspiring guests:

- Dr. Pratima, a doctor who, despite vision loss in one eye, continues to serve her community—an uplifting example of strength and determination.
- Prof. Payal Shinde, who delivered a compelling speech on women's empowerment and inclusion.
- Ms. Sumita Basu, a documentation professional, and Ms. Bhavana Shetty, a Master of Social Work graduate, both of whom offered their support and encouragement to the attendees.

To ensure inclusivity and accessibility, Anamika Rehabilitation Foundation covered the travel expenses for all visually impaired participants, enabling their full participation and comfort.

Winners of the games and competitions were honored with gifts and certificates, while tote bags were distributed to all participants as a token of appreciation. The foundation also arranged a nutritious breakfast and lunch, adding to the warmth and hospitality of the day.

Anamika Rehabilitation Foundation extends its heartfelt gratitude to Samarthanam Foundation for their generous support in providing the venue, and to all those who contributed to making this celebration a memorable and empowering experience for the women involved.

Workshop

Earrings and Photo Frame Making Workshop at Dongri Children's Home

Anamika Rehabilitation Foundation conducted a creative skill-building workshop for Children in Conflict with the Law (CCL) at Dongri Children's Home, focusing on earring and photo frame making. During the session, children learned to craft beautiful earrings and design photo frames using card materials.

The workshop aimed to promote creativity, enhance fine motor skills, and introduce children to simple vocational activities. The participants showed great enthusiasm and actively engaged in the process, making the session both enjoyable and impactful.

The workshop was well-received and deemed a successful initiative, further reinforcing Anamika's commitment to rehabilitation through creative expression and skill development.

Job opportunity

The Anamika Rehabilitation Foundation has successfully implemented a transformative employment initiative aimed at empowering women by connecting them with the Karya app. This collaboration has provided job opportunities for 20 women, enabling them to engage in online story reading and offer insightful feedback on the content. Through this partnership, the women receive a consistent monthly salary, ensuring a stable income stream. The work-from-home nature of the opportunity offers flexibility, allowing them to balance their personal and professional commitments. This initiative not only helps foster financial independence but also equips the women with valuable skills, contributing to their overall growth and development. The Anamika Rehabilitation Foundation remains committed to creating impactful opportunities that uplift vulnerable communities and enhance the quality of life for marginalized groups.

Upcoming Projects

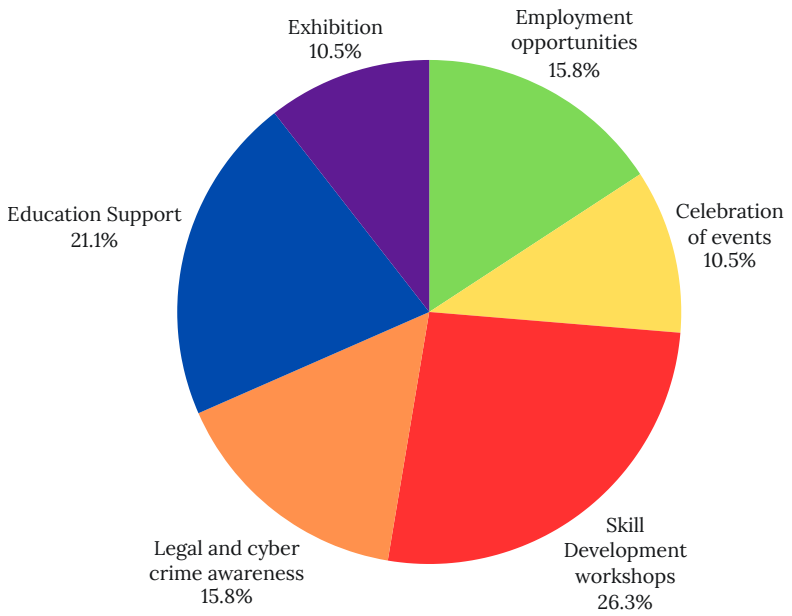

Upcoming Projects

Anamika Rehabilitation Foundation is excited to announce a range of upcoming initiatives aimed at promoting skill development, empowerment, and inclusion across marginalized communities. Planned projects include:

- Online English Classes for visually impaired individuals and community children, focusing on language development and communication skills. (Launching this year.)
- Computer Training Classes for visually impaired participants to enhance digital literacy and employment readiness.
- Mobile Repairing and Electrical Training Courses, designed to provide practical, job-oriented skills for youth and individuals from underprivileged backgrounds.
- Creative Development Workshops for Children in Conflict with the Law (CCL) and other children, encouraging self-expression through arts and crafts.
- Theatre Program for Community Children to identify hidden talents, build confidence, and offer a platform for artistic expression.
- Additional community-driven programs to continue fostering inclusive growth and meaningful opportunities for all.

These initiatives reflect Anamika Rehabilitation Foundation's ongoing commitment to building self-reliance and opening pathways for sustainable livelihoods.

Review

Our Work and Impact (2024–2025)

In 2024–2025, Anamika Rehabilitation Foundation has made significant strides in its mission to uplift and empower marginalized communities through education, vocational training, awareness programs, and inclusive opportunities. The foundation's work focused on supporting children in conflict with the law (CCL), visually impaired individuals, women, orphans, and underprivileged community members.

- Legal and Cybercrime Awareness Sessions
- Educational support provided to 10 children (orphaned, community-based, visually impaired, and CCL)
- Folder distribution to 10th and 12th-grade students
- Children's Day celebration with Anganwadi children
- Skill-building workshops in candle making, paper bag making, earrings, and photo frame creation for CCL children
- World Braille Day celebration with 53+ visually impaired participants
- Women's Day event for visually impaired and specially-abled women
- Product exhibition at SNDT College (Churchgate), featuring items created by CCL children
- Employment facilitation for community and visually impaired women through the Karya App, enabling remote work and income generation

These efforts reflect Anamika Rehabilitation Foundation commitment to empowerment, inclusion, and sustainable impact.
